

America Must Not Challenge Russia in Ukraine!

The United States, Europe, Middle East & China will be embroiled in a third world war if we don't come to our senses. America & Israel have been instigating war w/ Russia for 28+ years, and especially since our CIA & George Soros inspired 2014 Ukraine revolution ousted President Victor Yankovich. He was an ethnic Russian. There is a large Russian minority in Ukraine. Crimea has a Russian majority & voted 80+% to join Russia.

Russia has the means & the will to destroy any coastal city w/their nuclear tipped torpedos having a 2000 mile range, causing 500'+ tsunamies swallowing up coastal cities. They detonate 100 miles off shore creating a tsunami reaching it's destination in minutes. i.e. Fukushima. Their hypersonic missils can strike Yellowstone, Chicago etc. etc. Not to mention damage to the seas and air.

Russia is uniquely situated to survive such a strike, and can intercept our missils & air craft. If Russia strikes back at America this way, China will move to occupy what's left of America. There would be another conflict in America if Russia decides to stop China, & eventually they will. Our natural resources, & Pacific & Atlantic coasts make America the most valuable real estate on earth.

However, If we quit antagonizing Russia, & China tries to take Taiwan, or moves on South Korea or Japan, & we respond, Russia won't interfere, & In fact, Russia will be our ally to stop China. China won't come to Russia's defense, nor will Russia defend China. Russia feels about China, the way Hitler felt about the USSR before WWII, when Hitler signed a treaty w/Stalin. It was only to buy time. Russia has no plans to invade China, but will join America to stop Chinese expansion and aggression, if we get this right.

There's a reason our gov't and military allowed this balloon to gather intelligence in America. There's a reason Henry Kissinger opened China to the West, working to move our industries to China. China was destined to collapse, the way the USSR collapsed. As Reagan once stated "The problem with Communism (Socialism) is eventually you run out of other people's money". The only thing that could save China was Western investment. After the USSR collapsed, China became their only hope to save Communism. During the 90's, Western investment in China ramped up, & soon 60+% of retail goods were produced in China, especially high tech

products, giving China advanced technology. When Trump came into office working to bring our factories home, they had to stop him. China was also flush w/American cash as a result of our trade imbalance, & began unloading dollars, buying houses & real estate laundering their dollars through third party straw buyers. They had to spend it before the dollar collapsed, or it would be worthless.

This is why America's been in bed with China, especially since the collapse of the Soviet Union. This is why RINO neocon Republicans (most are Free Masons) & Democrats have been inciting war w/Russia 28+ yrs, & why they're in bed w/China. This balloon & other incursions in America are preparations for China to occupy America, in the event that Russia strikes back.

Communists also realize it will take something this big to take over America, & give them the power to destroy capitalism & American patriots, the same way they murdered Russian and Chinese patriots during their Communist revolutions. China has bases in Panama, Cuba, & will be unloading in California & Mexico, coming into America if Russia strikes back. Traitors in our military, & gov't are working to take over America, purposefully leaving America vulnerable, & working to incite a Russian first strike.

China made their first strike on America w/COVID19. Their surrogates pushing lockdowns & masks are the same collaborators anxious to incite war with Russia. If we proceed to antagonize Russia, & Russia strikes back, America will cease to exist as we know it, **and everything you've accomplished and worked for will be lost**. America will suffer just as Russia & China suffered under Jewish Communism. Russia has an incredible tolerance for pain, but will never allow that to happen again. So they are deadly serious, understanding the consequences of Communism more than any nation. Russia has no designs on America, except to defend themselves from Communism. China needs American industry, & will take down America, given the chance. This is their plan, & with America mired in Ukraine, China will be ready to strike.

Israel is pushing the US to attack Russia, Iran & Syria. Israel took the Golan Heights from Syria in 1967. In 1995 Priminister Yitzhak Rabin was planning to return the Golan Heights, & sign a treaty w/Syria, working to create peace in the Middle East. He signed the treaty with Jordan in 94. He was assassinated 11/4/95. Prior to the 2014 Ukraine revolution, Israel discovered the largest oil

& natural gas reserve in the Middle East in the Golan Heights. Israel devised a plan to build a natural gas pipeline across Syria, Turkey & the Dardanelles straights into Europe, for Israel to supply Europe's gas & oil. Their plan is also to cut off Russia, which supplies 80% of Europe's oil & gas. Israel & the Jewish diaspora are also planning to create a 2nd Jewish homeland in Eastern Europe, in Ukraine, the ancestral homeland of Ashkinazi Jews (95+% of Jews worldwide).

Judaism is a racist political movement seeking political objectives. Christ told Pontius Pilot "My kingdom is not of this world". They placed the mocking sign on his cross, because they wanted a military leader, or king. Christ called out the chief priests declaring "You are of your father, the devil". In Galatians, Paul repeatedly testified we are chosen by faith, & warned against Judaizers. John called Judaism "the Synagogue of Satan". Yet today Christians have been duped to support Israel, calling it a Judeo-Christian alliance.

Israel & the Jewish diaspora have no alliance, loyalty, or love for any nation, except themselves, &/or Israel. Christianity has fallen under the spell of Judaizers with Dispensational Theology. Judaism paid Christian seminaries to teach Dispensational Theology, which teaches Jews are the chosen race, & the Rapture, after which, **their chosen race will save the world**. This is pure fiction & nonsense. They are using America, to make this happen, but also, their "religion" teaches them, the rest of humanity is beneath them.

This Ukraine war has **6 political objectives** for Israel & the Jewish diaspora, using their 2 strongest surrogate states, the UK & US.

1. To stop Russian oil & natural gas to Europe, and destroy the Nord Stream pipelines.
2. To defeat Russia, Syria and Iran to pave the way, with glass if necessary, for their Syrian Pipeline.
3. To depopulate Ukraine (primarily of Russians) to clear the way for Jewish repopulation. They hate Russians like they hated Germans before WWII, because both expelled them, and rejected their Masonic Satanic Communism.
4. To punish Russia for rejecting Communism, & for the expulsion of Jews during the collapse of the USSR. 1.5 million Jews fled. Many seeking asylum here were LGBTs &/or apparatchiks of the Communist Party, & the ruling political class, just as they are in America today. Also, Russia remembers the LGBT pride move-

ment from their Soviet days, & has zero tolerance for it. Russia has made the connection of LGBTs with pedophilia, & will have none of it. In Russia, LGBTs are prohibited from being anywhere near children, including schools, child care etc. . **Their plan is to force this LGBT gay pride insanity on Russia & the world!!!**

5. The collapse of the petro dollar is imminent, which will leave America in economic ruin, & combined with America's debt, will bring a second great world depression. **THEY NEED WWII TO COVER UP THEIR CRIMES.** They instigated WWI to finish their Russian Communist revolution, & then dragged America into the war with their Balfour Declaration to create their state of Israel. They incited WWII to punish Germany for rejecting their Weimar Republic, kicking them out, & also to rescue their USSR from Germany. But however you look at it, this tiny minority was central, & in the thick of both these wars. So now they are desperate to incite war once more, w/Russia over their ashkinazi Jewish homeland, Ukraine. This is why, & this is their end game.
6. Their plan is to enslave America, as they did China & Russia, destroy Russia again, & establish their New World Order w/ humanity in servitude to them. That's their religion & **their plan to save the world!** "Men will never do evil with greater zeal, than when they do it for religious reasons". - **Blaise Pascal** -

We can't let them drag us into war again, anywhere. We need to identify the perps behind this. It has "religious" origins w/501C3 nonprofits & foundations working to destroy America from within.

We must identify corrupt political movements masquerading as religion by passing a religious definitions bill. "Religion" seeking to establish political jurisdictions, or break down jurisdictions i.e. borders, shouldn't qualify as religion. "Religion" advocating theocracy is adverse to our constitution, & shouldn't qualify as religion. This would identify Islam, the Nation of Islam, Scientology and Judaism. "Religion" advocating race, should be excluded as a religion & be identified as institutional racism. If god is only for their race, holding their race above others, that's not religion. That's political, seeking racial advantage, i.e. supremacy. This also would identify the Nation of Islam and Judaism. These are simple, undeniable, totally sound ideologically valid arguments.
